DESTINO™

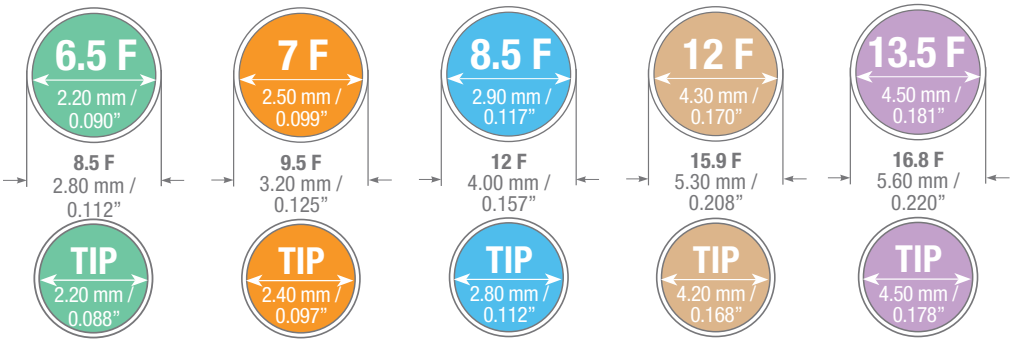
TWIST

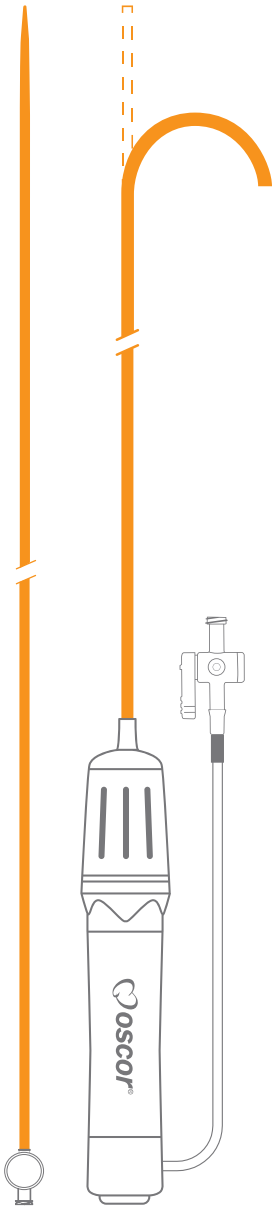
Deflectable Steerable Guiding Sheath

ORDERING GUIDE

Product Description

The Oscor Destino™ Twist is a steerable guiding sheath that offers a deflectable tip with an ergonomic handle. The Destino™ Twist is the ultimate tool in gaining access to the most difficult to reach sites while maintaining hemostasis with Oscor SureSeal™ technology. The Destino™ Twist is your one sheath solution intended to facilitate the intracardiac, renal, and peripheral placements of diagnostic and therapeutic devices.





Features

- Ergonomic handle with clear imprint of the curve deflection, french size and sheath length
- Tip position indicator showing neutral or deflected curve
- Accurate tip deflection response to handle collar rotation
- Soft, atraumatic tip reduces potential for trauma and provides smooth transition to catheter
- Radiopaque tip marker enhances fluoro visibility
- Curve retention for accurate catheter placement
- Hydrophobic coated sheath improves access
- Braided Flexsteer™ shaft provides exceptional control torqueability, and kink resistance
- Snap-locking dilator connector
- Accepts maximum guidewire up to 0.035”/0.89 mm
