LEAD or HEARTWIRE or ANY
COMPATIBLE CABLE**
**sterile*

ATAR™

TEMPORARY EXTENSION CABLES

ATAR™ Temporary Extension Cables connect temporary pacing leads (Oscor TB and Helios Series) and temporary pacing wires (Oscor TME Series) to external pacemakers (Oscor PACE 101H, PACE 203H, or PACE 300). The ATAR™ temporary extension cables feature a patented 2 mm touch-protected pin quick connection allowing for a safe and fast connection between pacemakers and temporary pacing leads, heartwires or similar devices.

Model No. Reusable Series <i>(One per box)</i>	Model No. Disposable Series <i>(Five per box)</i>	Usable Length	Proximal End Pin Configuration	Distal End Pin Configuration
ATAR-A	ATAR D-A	250 cm	2 mm male shrouded	0.9 - 2 mm female
